Why I joined/love NAWN: I joined NAWN when my family relocated to New Albany from Cincinnati. Meeting new people was my original reason for joining but I discovered NAWN was so much more. NAWN empowers women and gives back to the community in so many different ways. The women of this group are amazing, talented, giving and fun. I cannot imagine not being involved with this incredible group of women. And the friendships I have made will last a lifetime.
